Mucky Pupz is your 'one-stop shop' for everything dog related.

Not just any doggie daycare!

About Us

At Mucky Pupz, we give your dog a home from experience and activities to keep them mentally and physically challenged. It is an ideal opportunity for dogs to stretch their legs in a safe environment, meet other dogs and enjoy being a dog for the whole day. You can get on with your day knowing that they are happy and well cared for.

[We send frequent journals throughout your dog's stay to let you know all is well; photos are included to show you how much fun they are having!](#)

Tandridge District Council fully licenses us to accommodate 45 dogs for daycare and 22 dogs for boarding at any time. All dogs in our care are subjected to a rigorous assessment prior to being accepted. Our standards are high, and dogs are constantly monitored for any changes in behaviour that may become problematic following acceptance. Dogs are allowed to display normal canine behaviours, but aggression will not be tolerated.

We have 4 acres of secure greenland, which the dogs have supervised access to. The area is divided into various zones for activities with smaller groups throughout the day. We have agility, splash and ball pools in the summer and an indoor softplay area for more sedentary dogs and rainy days.

Boarders will attend daycare during the day and sleepover for the night. We do not have kennels and all boarders live with us as part of our extended family.

Our Services

Daycare

The whole day is planned around every dog we have with us; we cater for all ages and characters and are sympathetic to the different needs of each one. They are given the opportunity to play, sniff, chase, jump and rest; basically, to be a dog for the whole day with cuddles and treats thrown in free of charge! *Please note there is a minimum attendance of 1 day per week for safety reasons.*

Boarding

Dogs are affected by your absence more than any other animal, and kennels can be a further source of anxiety. We provide a similar environment to your own home and your dog will never be left alone. We try to mirror your dog's sleeping arrangements where possible, and you are encouraged to bring along your dog's bed and any other items that may help them settle. *Trial nights can be arranged prior to booking a longer stay. Please note: boarding is available only to those dogs who attend daycare.*

Grooming

Our grooming salon is open to everyone, and services can be arranged via your online account. Services include; full grooming (breed standard/pet trim), undercoat removal, hydrobath & blaster dry, nail trimming, tidy-up, bath & brush-out, anal glands and 7-point health check. Grooming is included in all VIP Membership levels. *Please see our website for further details.*

Training

Many puppies join us as soon as they have completed their vaccinations, and the sooner they learn what is expected of them in the human world, the better your communication with them will be. Combining play and short training sessions, your dog will learn the ropes in no time!

Retail

Raw food, natural treats & grooming equipment.

So what makes us different?
